- 1** **Mount Mary College is affordable!** I am part of the Grace Scholars Program, one of the many scholarships Mount Mary offers to students.
- 2** There are lots of volunteer opportunities. A group of us serves lunches to homeless men. It has personally impacted me and **helped me to better understand the type of work I'll be doing in my field after I graduate.**
- 3** The **atmosphere is friendly** and class sizes are small.
- 4** I enjoy participating in student activities, including **singing in the Gospel Choir.**
- 5** My professors provide rewarding, **real-world experiences.** Because of my professors, I became involved with a ministry group that provides food, shelter and peace to people on the streets.
